HEAD PROTECTION: INTRODUCING LIDGUARD

Type 1 or Type 2 Cap Style Canadian Made Hard Hats
Available 13 Different Colours.

LIDGUARD™

Protect your head with our CSA and ANSI-certified Type 1 or Type 2 Cap Style Hard Hat — designed for maximum comfort, safety, and performance. Made in Canada from high-density polyethylene, it features a cushioned, moisture-absorbing brow pad, 4-point nylon suspension, and built-in accessory slots for earmuffs and faceshields. With superior balance, an articulating ratchet fit system, and goggle retainer clips, it's built for all-day wear on the job.

FIRST AID KITS

CSA COMPLIANT FIRST AID KITS

Stay CSA Z1220 compliant with Dentec's reliable Type 1 & 2 First Aid Kits — ideal for property management teams needing durable, workplace-ready solutions. From rugged metal cases to portable soft packs, our kits are easy to restock and built to perform in any maintenance or facility setting.

CUSTOM FIRST AID KITS

Be ready for anything with Dentec's Custom First Aid Kits — tailored solutions designed to meet the unique needs of your property or facility.

From essential bandages to hydration support, we build each kit to match your exact requirements — because safety should never be one-size-fits-all.

EMERGENCY PORTABLE EYEWASH

GRAVITYFLOW44™ PORTABLE EMERGENCY EYEWASH STATION

Ensure on-site safety and compliance with the GravityFlow44™ Portable Emergency Eyewash Station — perfect for property management teams working in areas without plumbing access. With ANSI Z358.1 compliance, hands-free activation, and a full 15-minute flush, it's the reliable, no-installation solution built for rapid response in demanding environments.

#19PE-DC-44

CSA FALL PROTECTION

Keep your team protected and compliant with the ECO Harness Kit — a complete fall protection solution featuring a universal-size harness, 6 ft lanyard with 3/4" hooks, and convenient storage pail. Lightweight, comfortable, and CSA-rated harness to 352 lbs, it's designed for all-day wear, easy adjustment, and safer worksites with built-in lanyard parks to reduce trip hazards.
