FIRE SAFETY SIGNS & BOXES

Every establishment must have these safety signs so everyone is aware of their safety precautions. Storing these contents and vital information will also quickly help firefighters in the event of a fire or emergency. These signs are required and *mandatory* for all buildings that have a fire safety plan.

FIRE SAFETY SIGNS

SS-911

Single sided white .020 plastic containing red print. Easy peel and stick 4½" x 7" signs with adhesive backing.

FE-512-WD

FE-512-DE

Single sided 5" x 12" red & white decal.

FIRE SAFETY BOXES

FSB-1414

FSB-1414-W

FSB-1414-M

Every building's Fire Safety Plan is different and is made according to their floor plan and specifications. They should store the documents which outline all of the building's fire safety and evacuation procedures. Contact your local fire department for locking system requirements.

Manufactured:

- Outside dimensions: 13½"(H) x 13¾"(W) x 4¼"(D)
- High density steel with bright red graphics
- Powder coated white exterior & interior
- Key holes (for easy wall mount application)
