PROTECT WITH DENTEC

SHIELD THE SUN

POWERFUL PROTECTION FOR OUTDOOR WORK

Dentec Sunscreen offers broad-spectrum UVA/UVB protection to guard against harmful sun exposure, even in tough work environments. Its water- and sweat-resistant formula stays effective under pressure, while being dermatologist tested, hypoallergenic, PABA-free, and fragrance-free—making it safe and gentle for all skin types without harsh additives.

15ML TUBE SPF 30

Dentec SPF 30 Sunscreen packs UVA/UVB protection in a pocket-sized, PABA-free tube. Water-resistant and easy to apply—perfect for active use anytime, anywhere.

#18207

50ML TUBE SPF 30

Reliable, dermatologist-tested UVA/UVB protection in a compact 50ml tube. Water- and sweat-resistant, PABA-free, and suitable for all skin types, it moisturizes while shielding skin from sun, wind, and cold—perfect for on-the-go use with easy one-hand application.

#18210

120ML BOTTLE SPF 30

Dentec Sunscreen Lotion SPF 30 in a 120ml bottle delivers long-lasting UVA/UVB protection for extended outdoor use. PABA-free, dermatologist-tested, and water-resistant, it moisturizes while protecting all skin types—ideal for job sites and all-day wear.

#18220

177ML CONTINUOUS SPRAY

Dentec Continuous Spray SPF 30 delivers mess-free, broad-spectrum UVA/UVB protection in a 177ml (6oz) bottle. The clear, non-greasy formula leaves no white residue and offers easy, even coverage—even on hard-to-reach areas. Dermatologist-tested, water- and sweat-resistant, and PABA-free, it's safe for all skin types.

#18226

WHY CHOOSE DENTEC SUNSCREEN?

- ✓ Broad-Spectrum UVA/UVB Protection – Shields against harmful sun exposure
- ✓ Water & Sweat Resistant – Stays effective in demanding work conditions
- ✓ Dermatologist Tested & Hypoallergenic – Gentle on all skin types
- ✓ PABA-Free & Fragrance-Free – No harsh additives or irritants
- ✓ Helps Prevent Sunburn & Long-Term Skin Damage

Available in Convenient Packaging Formats – Designed for on-the-go application at worksites, construction zones, and industrial environments.

Protect your workforce from the dangers of sun exposure with Dentec Sunscreen – because prevention starts with protection.

SQWINCHER

Sqwincher® is a scientifically formulated hydration solution that helps prevent heat stress by replacing the electrolytes lost through sweat—faster and more effectively than water alone. It supports proper hydration, energy levels, and muscle function, making it essential for high-heat, high-performance work environments. Sqwincher tastes great, is available in regular and zero-sugar options, BCAA FREE and comes in a variety of convenient dispensing formats including ready-to-drink, powder mixes, freezer pops, and bulk dispensers—making it easy to keep your team hydrated anywhere, anytime.

Ideal for: Construction & Industrial Worksites, Warehouses & Manufacturing Facilities, Outdoor Events & Sports Teams, Emergency Response & First Aid Stations

SQWEEZE POPS

Sqwincher® Squeeze® Electrolyte Freezer Pops deliver fast, refreshing hydration with essential electrolytes to help prevent dehydration in high-heat environments. Each 3 oz. pop is low sodium, gluten-free, and available in five great-tasting flavours—without high fructose corn syrup or unnecessary additives.

#11130

FAST PACKS

Sqwincher® Fast Pack® is a compact, on-the-go hydration solution that lets you replenish essential electrolytes anytime—just tear, fill, and drink from the pack itself. Low sodium, gluten-free, and free of unnecessary additives, it's the ideal mess-free option for staying hydrated in high-heat or high-activity environments.
